Hi Kelly,

Here is the report for calendar year-to-date. The balance category code (BALCATCD) is filtered for the types listed in the request. The balance type code (BALTYPCD) is filtered for CHRG and FEE – it does not include COST.

Thank you, Tom

**Subject:** New CML Fee Report

Hello,

Attached is a request for a new commercial fee report. The report will be monthly at the beginning of the month with activity through prior month end. Please make it a cumulative report to include activity from 01/01/2025 so we may use it for year end totals and monthly reporting.

These are transaction based charges added to the loan and will show in the transaction history. Please include Deferred Origination fees. Any questions, please don't hesitate to reach out. This may take a few revisions to capture all data.

Thank you,  
Kelly
